REPORT OF TREASURER.

During the past year no funds have come into the Treasury, and as a necessary consequence, there have been no disbursements.

The last balance that was in the Treasury was by the Resolution of this Convention turned over to the Home Mission Board, and we devoutly hope that the funds thus disposed of will yield its full fruitage both here and in Eternity.

Respectfully submitted,

R. F. MANLY, Treasurer.

13. W. B. Crumpton, Corresponding Secretary, read

FORTY-FIRST ANNUAL REPORT OF THE STATE BOARD OF MISSIONS.

With gratitude to God for His continued mercies and marvelous blessings, we present this our *forty-first* Annual Report.

It has been a year of prosperity to all our people.

The abundant harvests gathered by the farmers in most of the State, yielded sufficient for a living for all, and far beyond a living for many.

Early in the year a tract was issued and widely distributed entitled: "*Prosperity vs. Spirituality.*"

A text was found—in a religious paper of the South: "*A wave of Commercialism is sweeping over the South.*"

Baptists were exhorted to pray to God to "*Save us from the Perils of Prosperity.*"

The following words we quote: "We do not expect everybody to take the alarm; but surely our people who have time to read and reflect, ought to become serious over the suggestion made.

The fight against poverty and debt and hardships, has been a long one in the South. Prosperity has come suddenly upon us. Not the most optimistic ever dreamed of what our eyes now see. Unless all signs fail we will soon be the richest people on earth. Our people were first dazed at what they saw. They could hardly believe their eyes. Realizing the possibilities of great wealth, which is rapidly opening before us, some have gone wild. God's cause is liable to suffer because submerged with the tide of prosperity. The purse strings must be loosened on God's side, or wreck and ruin will come to our church life. Luxurious living has been the downfall of the greatest nations of the earth. Will it be our ruin also?"

We do not know to what extent these lines were read; but we are sure the warning was timely, and hope the admonition therein was heeded.

Great Spiritual Blessings came to many of our churches in the way of revivals, strengthening them by the addition of large numbers to their membership. *When ten thousand nine hundred and fifty-five* are added in one year by baptism, to the churches of Alabama, it must have been because the hearts of His people were turned mightily to Him in prayer for His blessing.

Increased Liberality, also, we are permitted gratefully to acknowledge. In spite of the demoralization, which seemed to seize the people in the fall, because of the promised income from a great cotton crop; in spite of the worst winter known in years, with an unusual number of rainy Sundays, and the discouragements incident to the late spring, we have made a marvelous increase in our contributions to Missions, as the following table shows:

State Missions	\$24,267	Increase of	\$ 5,071
Home Missions	25,916	Increase of	5,420
Foreign Missions	34,928	Increase of	9,643
Total for all Missions	\$85,111	Total Increase	\$20,134

These are all church contributions, except a \$1,000 bequest from Mrs. Burns of Selma to the Foreign Board. In making the comparison it is proper to say, the \$30,000, Bush Memorial of last year, which was for endowment, was not counted in calculation. Surely God has been moving upon the hearts of His people, breathing into them the Spirit of liberality!

We began the year with a debt of \$5,275; we end it with \$4,327; a reduction of nearly \$1,000. When it was found that a debt must be reported this year, the Secretary and his assistant devised a plan by which it might be greatly reduced, if not entirely removed.

A report of the result will be made before the close of the Convention.

The large outlay we report for stationary, printing, postage and extra clerk hire, is more than offset by the awakening of interest among the indifferent and the heartening of the real missionary members of our churches. Reading matter in the hands of the people is a great educational power. It is poor economy to withhold it from circulation, especially since the improved mail facilities, all over the country, puts us in easy reach of the people. We would be recreant to duty, if this open door were not entered to carry to the people the information about religious work, which they so much need.

The woman's missionary union is truly "auxiliary" to every interest fostered by the denomination. Occupying comfortable quarters adjoining the offices of the Board gives opportunity for the most helpful co-operation.

Though we regret to give up Miss Mallory, the faithful and enthusiastic Secretary, we feel it is an honor to Alabama to furnish one so capable and worthy to the wider field of Baltimore.

Miss Patrick, well known, and much loved throughout the State, still holds the position of Leader of Young Peoples' Societies.

We congratulate the good women on their wise and fortunate choice of Miss Julia Ward, to take the place made vacant by Miss Mallory's resignation.

Mrs. T. A. Hamilton, the pioneer of the woman's movement in Alabama has done a year's work quite the equal of any of the past years of her very efficient service.

The Boards plan is to pay the salaries of theses three women workers, counting them as missionaries of the Board. We also pay the operating expenses of the Union; this includes office rent, stationary, printing, postage, extra clerk hire, and traveling expenses.

On their part they have raised and paid into our treasury, in monthly installments, the magnificent sum of \$26,018, an increase over last year of \$8,000. Of this amount, State Missions received \$5,005, and Home and Foreign Missions \$15,759.

Their monthly reports of labors performed are as follows:

Days of service.....	1046
Miles travelled.....	19695
Addresses made.....	270
Societies organized.....	59
Churches visited.....	187
Baptist Rallies and Associations attended.....	39
Subscribers for Religious papers.....	75
Letters sent out.....	7358
Packages of literature sent off.....	6672

As educators of our people, they are not excelled by any agency at work in the State. As our women and children are enlightened and brought into active sympathy with missions, opposition and indifference among the men gives place to interest and co-operation.

Besides their educational work, and the money raised for other purposes, they give to State Missions considerably in excess of the amount paid out for their expenses, which goes to support pastors on needy fields, colporteurs in the country, the traveling expenses of the field workers, and other things.

They have enlisted about 13,000 women and children in the State. We confidently look for this number to be doubled another year.

They have 410 Women's Societies in 409 churches,

85 Young Women's Societies in 74 Churches,

8 Boy's Societies in 7 Churches,

203 Children's Societies in 183 Churches.

Total number of churches touched, 427 by 700 societies.

Sixty-one associations have been touched by the W. M. U.

We urge the pastors to study and imbibe the Sprit of Paul in Phillippians, where he says: "And I intreat thee also, true yoke fellow, help those women which labored with me in the gospel, with Clement, also, and other my fellow laborers, whose names are in the book of life." He doesn't give the names of these last, but some day we shall know, for they are recorded in the book of life; and in the same book, doubtless, we shall find recorded the character of the self-denying labors in the gospel done by those faithful women.

What a work our women have before them, to reach the remaining 1,573 churches in the State. They have the courage and faith to try. Will not every manly man among us, aid them in every way to the accomplishment of the task. Think of 13,000 women and children, out of a membership of 192,000, giving nearly one-third of what was given, and 40 per cent of the advance of the year! *Their success ought to shame the balance of the denomination into greater liberality.*

The value of systematic methods is more apparent this year than ever before. Almost, an ever flowing stream has been poured into the Board's

treasury, through the whole year, from the small contributing churches. From many, which a few years ago nothing came, or maybe, one small contribution just before the Association, we are getting from fifty cents to several dollars almost every month. Each year brings us nearer to

The general adoption of systematic methods in our finances. As a result, year by year, pastors are being better and more promptly paid. They are happier and far more useful on account of it. Furthermore, our mission and other benevolent contributions are growing, and it is becoming a joy for our people to give. We have only to learn to keep the pressure on, by means of the envelope system, throughout the year, to have the system perfected.

Our Sunday School force has done great service as their reports show. We have H. L. Strickland, the Secretary, Bunyan Davie, Field Worker, assisted by A. L. Stephens, for a part of his time. Miss Lillian Forbes, an experienced worker, is just beginning.

Other consecrated laymen are laying themselves on the altar for voluntary service in this department. The Secretary's report will give in detail the work accomplished. It is a consummation, much to be desired, that the Sunday Schools shall pay all the expenses of all Sunday School workers. Allowing all the contributions from the Schools for State Missions to be used for the Sunday School department it would fall far short of its support. Many schools receiving and rejoicing in the labors of these efficient servants, and promising contributions each quarter, have failed to send anything; largely, we suppose, from forgetfulness. We trust the pastors and superintendents will not fail us in this important work.

The Bible and Colportage Fund has grown a little this year. We are hoping for a large addition to this fund both from contributions and bequests. A good book or even a tract, in the home, may do service for God for generations. Others may be written, put up in more attractive form, but the truth once lodged between the backs of a book will live and shine forth to bless the world on the faded leaf or in the type grown dim with age.

Our Tract Distribution has been enormous this year. Besides a thousand pounds or more supplied and sent out for the three Boards, we have printed 87,500 on different phases of the work.

The demand has really been greater than we could supply, because the pressure of debt has been so great we feared to spare the means which our missionaries so much needed.

We have as Evangelists, P. M. Jones and Curtis S. Shugart. In the Birmingham Association, A. A. Walker, and for the summer months, W. P. Wilks, one of our strongest men, just from the Seminary. They are doing fine work, and the people show their appreciation by the support they are giving them. During the summer there are more calls than they can fill. In the winter, they are sometimes without work. Our Southern churches need to be brought to see that the winter is the very best season for holding meetings, where the roads are in good condition and the houses well lighted and heated. We commend the course of

The Executive Committees of Butler, Conecuh, Central and Columbia Associations in securing young men to do evangelistic work in the summer.

Ministerial Students in Seminary, College or Academy should be put to work during vacations in their own Associations or elsewhere in the State. This would keep them in touch with their own people and at the close of their school days it would be the most natural thing for them to find work in their home State.

We are fast approaching a crisis on the question of preacher supply. Not many young men are entering the Ministry, while our population is rapidly increasing. Can it be that the insufficient support of the ministry in the country and villages and towns is causing the young men to avoid the minis-

try, not willing to endure its hardships and meagre support. We dare not shut our eyes to the true conditions that confront us in this regard. Education for our preachers and education for the future leaders of our churches are alike essential.

Our Secondary Denominational Schools are the wheels in our machinery, if they are supported, which will keep the denomination moving.

Every boy or girl who attends one of them, even for a few months, if religiously taught, will return home an advocate for Missions, Sunday Schools, Prohibition and an educated, consecrated ministry. In a very few years these boys and girls will become the leaders of their churches. If they are pious and intelligent, they will lead to better things for the churches—things that make for peace and righteousness.

Mission money put in our secondary schools to have the Bible taught, especially the last clause of the Master's great commission, is the very best investment we can make. But many cannot go to the schools. In that case

We should carry the schools to them. Executive Committees, co-operating with the Boards, can hold institutes at the churches for the instruction of such of the membership as will attend. Large crowds may not be counted on, but enough will be there to catch the Spirit of progress, and it will work like leaven, gradually permeating the community.

The necessity for this is apparent to every thoughtful person who knows the situation; especially since there seems to be a renewed effort on the part of certain publications to poison the minds of our people against the work we are attempting.

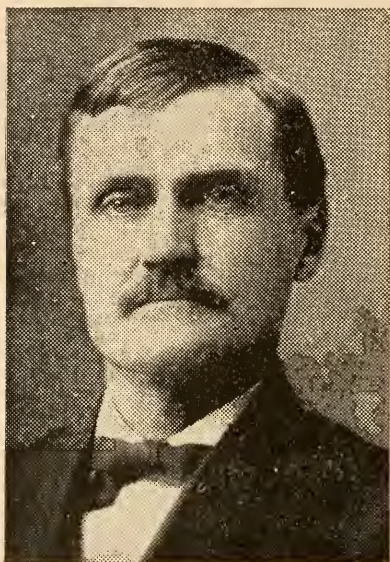

"My people are destroyed for lack of knowledge," God said long years ago. It is true here in Alabama at this day. We point with pleasure to the action of the Executive Committee of the Lauderdale Association. They called to their aid one of our Foreign Missionaries, and have just finished a visitation

to every church, much to the strengthening of the cause.

At the request of the Trustees of the Newton Collegiate Institute and the Gaylesville Academy, we made small appropriations to support the department of Bible study in these schools.

Jointly with the Educational Commission we assisted in the support of Healing Springs Industrial Academy and in the repair of the property—the trustees gave one-third of this last expense.

It becomes our sad duty to report the death of our dearly beloved President, George G. Miles. He was a member of the Board thirteen years, and its President twelve years. At a called meeting of the Board the following resolution was presented and adopted:

GEORGE G. MILES.

President State Board of Missions, 1899-1912.

"In the prime of life, and after a career of devoted and honorable service to Christ, and of unyielding loyalty to our denomination, our brother George G. Miles, entered into rest on Thursday, April 25th, 1912. For many years, and at the time of his decease, he was the President of the Alabama Baptist State Board of Missions, having served continuously, with the exception of one year, since the year 1899. It is therefore becoming in us, as our hearts prompt us to do, to place in our records some testimonial of our love for him, and our appreciation of his character and service.

"Brother Miles was a man of conviction, intelligent and conscientious, which he maintained everywhere and at all times.

"He was a man of tender heart and a beneficent hand. The heroic was ever manifest, and the essential elements of leadership were recognized in all his relations.

His personality and his capacity for service made themselves felt in the work of this Board, as in all the other relations which he sustained to our denominational life. In his removal we feel our loss and mourn sincerely over his departure.

"It is hereby resolved that this testimonial be recorded on a page of our minute book, and that a copy be sent to the bereaved family and to the Alabama Baptist."

With unfeigned sadness we report, also, the passing away of Judge Jonathan Haralson, in his eighty-second year. He was a most useful member of our Board for eighteen years, retiring only because of the pressure of other duties, made necessary after his elevation to a seat on the bench of the Supreme Court. To him, more than to any other man, was due the new life that came to this Convention on his election to the position of President, a position he filled to the satisfaction of every one, for eighteen years. Then the Southern Baptist Convention called him into its service as President for ten years. His brethren delighted to honor him, and it was his delight to serve them.

At a called meeting after the death of our President, Brother H. J. Willingham was elected to fill his place, both as member of the Board and also as President. H. S. D. Mallory was put in his place as Treasurer of the Endowment Fund.* At the same meeting Brother Geo. W. Ellis offered his resignation, and Brother J. A. Cook was elected in his place. He felt his retirement was necessary because of his removal from the city, which left the local Board without a quorum. For many years, Brother Ellis has been a most faithful member, serving with brother W. B. Davidson as auditor through all these years. It was deemed wise to elect new auditors, and Brethren Willis Chandler, Chas. Tallman and Jephth Williams, were duly selected for the place.

The Committee on Co-Operation will offer a separate report; but we wish to call attention to the amounts suggested for another year, which this Board is especially concerned about.

The figures are as follows:

State Missions	\$ 32,000
Home Missions	28,500
Chapel Building Home Board	1,500
Foreign Missions	38,500
Foreign Mission Debt	1,500
Total	\$102,000

This is only \$2,000 in advance of the round \$100,000 asked for last year. An advance of only \$17,000 beyond what was actually given this year. Is there a doubter among us who would have us put the figures lower. These are the days when

*See letter from H. S. D. Mallory on page 61.

Baptists are thinking in large figures. Those who were present at the Southern Baptist Convention in Oklahoma City, can never forget the thrill that passed through that great body, when the Home Board was instructed to attempt to raise, for Church Building in the next three years, *one million dollars*, and the Foreign Mission Board *a million and a quarter*, in the same time, for educational work and for equipment.

Thus we celebrate the one hundredth anniversary of the beginning of Judson's work in Burmah. These suggested amounts are above and beyond the *one million and thirty thousand* asked for the two Boards annually.

We would be staggered at these figures did we not know that not a tithe of our people have been reached thus far, and the further fact, that just now the wealth of the South is increasing with almost fabulous growth.

The Home Board besides maintaining four secondary schools in Alabama, where they are greatly needed, grants \$2,000 to our general work in the State, \$2,000 more to church building, \$600 towards the expenses of the office, \$400 to the Secretary's salary, and about \$1,500 to other purposes in the State. Surely our people will not consider lightly the claims of the Home Missions Board upon them.

The Foreign Board, cheerfully and generously joins hands with the State and Home Board in paying the Secretary's salary and maintaining the office—paying \$600 to each; thus acknowledging the service rendered by the State Board to its efforts to send the word of life to those beyond the Seas.

The Sunday School Board, besides appropriating \$500 to our State Sunday School work, made generous donations of Bibles, which amounted to \$167.84 besides a generous donation of books.

The liberal bequests received last year from the estate of Brother J. C. Bush of Mobile, caused us to say in our Report:

"Doubtless there are many persons who would remember their Lord in their wills, if they only knew how to frame the paper. We therefore, recommend a simple form to be printed on one page of the minutes, from year to year. We urge the pastors to call the attention of their people to it and *encourage them to make bequests to worthy objects.* If we are 'Only remembered by what we have done,' how comforting it must be to the dying to feel that they have projected their lives into the centuries to come, by leaving some of the means God has given into their keeping, for the benefit of His Kingdom."

The form of bequest was printed on page 61 of the Minutes, and many extra copies were sent out with the correspondence from the office. We hope this form will continue to appear in the Minutes. We have heard of but one bequest the past year. Mrs. Geo. B. Burns of Selma, left \$1,000 in her will to the Foreign Mission Board at Richmond, as a Memorial to her husband.

We have in hand a little part of the \$2,000 asked of Alabama for *The European Baptist Theological Seminary in Russia.* No effort has been made to raise it, further than to call attention to it in the Alabama Baptist. The Trustees now having been appointed, according to the plan agreed upon, the site selected, near St. Petersburg, the opportunity now is ours to help in this glorious enterprise. *We should make a remittance not later than Oct. 1st.* We trust the brethren will take an interest in this movement, which means so much to the Baptist Cause among the oppressed brethren in Europe.

Mrs. Maude M. Johnston, our long time stenographer and book-keeper resigned from her place a year ago; but after the lapse of a few weeks, much to our pleasure, returned to her old place.

At the last annual meeting of the Board, *Brother J. H. Chapman*, was elected as the secretary's assistant, which position he accepted. This means another strong field worker, for he will travel for the most part. Brother

Chapman brings to this service a cultivated brain, a strong, young life, consecrated thoroughly to his Master's Service.

It is our purpose to prepare a list, to be published in the Minutes of the Convention, giving the contributions for Missions, by churches. This will be of great service as reference.

We ask that page 56 be continued in the minutes and be kept up to date year by year. It is a pleasure to record again the invaluable services of the Alabama Baptist. All the space needed is cheerfully given and the editorial columns are fully used in the advancement of every interest.

As to the work of the past year, the summary of work submitted with this report tells the story. With the co-operation of pastors and the churches, we have accomplished much, for which we are grateful to God and the brethren. We are thankful for indications of increased interest in the work of the Board, The Lord's good hand leading us and His Spirit inspiring us and His providence over us, another year will be the greatest in all our history.

The work of Brother S. T. Clanton, in the Theological Department of the Selma University, continues to be blessed among the many colored preachers receiving instruction at his hands. We are sure this is the wisest way to help our colored brethren. If their future leaders are properly taught and directed, it will tell mightily for good in the next generation of their people. The Financial Statement with the auditor's certificate accompanies this Report.

The terms of the following brethren expire this year, and their places are to be filled at this Session; Preston Blake, D. F. Green, W. B. Davidson, L. O. Dawson, Arnold S. Smith, Richard Hall and W. F. Yarborough.

H. J. WILLINGHAM, President,

REPORT OF SUNDAY SCHOOL DEPARTMENT.

BIRMINGHAM, ALA., JULY 1st, 1912.

Prof. H. J. Willingham, President State Board of Missions, Montgomery, Ala.

Dear Brother: This is my report of work done as Secretary of the Sunday School department of the State Board of Missions of Alabama, for the Fiscal year ending June 30th, 1912.

Brother Bunyan Davie who has been giving full time to this work since February 1st, 1912, and Brother A. L. Stephens, who has for some months past been giving one-fourth time, will append their separate reports.

I am profoundly grateful for the loyal support Dr. W. B. Crumpton, our State Mission Secretary, has always accorded me, and to Rev. J. H. Chapman, Assistant Secretary and to the office force in Montgomery. I desire also to express my appreciation for their co-operation. The Board is to be congratulated on the choice of my co-workers. Brother Bunyan Davie is one of the most untiring, consecrated workers it has ever been my privilege to know. He is rendering great service. Brother Stephens likewise in the limited time at his disposal is accomplishing great things in southwest Alabama. Miss Lillian S. Forbes, who comes with us on July 15th, is one

of the foremost Elementary workers of the South. She is co-editor of our Graded Lesson series in the Primary Grades and brings to us a ripe experience both as teacher and officer.

To the army of Brethren and Sisters throughout the State who have been so kind to me during the past year, I can only say that I hope it will be as "bread cast upon the waters" and that it may return a hundred fold.

Respectfully submitted,

HARRY L. STRICKLAND.

REPORT OF JUDSON COLLEGE TRUSTEES.

During the past session at Judson College the average of scholarship was higher than the preceeding year, the distinction between College and Academy more clear cut, a marked forward step in the progress of a successful "A" college. The enrollment was 251; College students 179, Academy

Students 55, Special students 17. Thirty-eight teachers and officers were employed. The work of the session was most gratifying. The faculty and officers rendered efficient service, and the student-body was earnest and faithful. The attendance was eleven in excess of the previous year, an indication of steady growth.

Twenty-seven diplomas were issued at the regular Commencement.

Religious Life.

The session of 1911-1912 was in line with previous years in the activity of the religious organizations of the institution. As usual generous contributions were made to various mission causes and other objects fostered by our denomination. In no department of our work was greater interest manifested than in the Sunday School, and in our Teachers' Training Courses more than fifty diplomas were issued. The Ann Hasseltine Missionary Society, the Morning Watch and the Y. W. C. A. had each a large membership and did active work besides making their usual large contributions to various benevolent causes. In connection with these organizations, there were visits during the year from a number of prominent Pastors, Lecturers and Missionary Workers representing Home, Foreign and State interests. This work was a benediction to the College, and many individual lives have been blessed with a saving knowledge of Christ.

Building and Equipments.

The value of Judson property has very greatly increased in the recent years. Our building and equipments, as far as they go, are very desirable, but they do not meet present needs and growing demands. We recognize the fact that the payment of the debt is of first importance, but there are other needs urgent and almost imperative for more efficient college work and for the physical comfort of our students. Other institutions, competitors of the Judson, are spending large sums of money in improved equipments and facilities of every kind. It is not unfrequently that we hear comparisons made between the Judson and other institutions as to equipments and facilities. Competition among schools and colleges is greater than ever before. The State is spending large sums on its schools, many institutions are having money placed at their disposal for increased up-to-date furnishings and supplies. Shall we do less for Judson College? The Baptists of Alabama MUST keep the honored old College abreast of the times!

Additions and Improvements.

During the past session faculty and students took up the matter of procuring chairs for the class rooms, an addition long needed. As the result of their efforts \$460 was raised, and the chairs have been placed in the building. The Glee Club deposited with the Treasurer \$361 to be used in any way that may seem best to the management of the institution.

Scholarships.

Students' Aid assisted three young ladies the past session. One of these had the Harriette McKleroy Scholarship from which fund an annual interest of \$210 is received; the other two young ladies were assisted by amounts returned on loans made in former years. No soliciting was done by the Aid, nor was it necessary to use the interest on an investment of \$1,250. The beneficiaries of the Averett Memorial Fund and the Lydia Hornbuckle did excellent work, and will both return to College the coming session.

The Bessie Quisenberry Memorial.

Rev. W. Y. Quisenberry, D. D. made a gift of \$2,000 in bank stock of the Commercial Savings Bank & Trust Company, New Decatur, Alabama, the interest on which is to be used each year to pay for two medals to be given for the two best essays on some subject connected with the Bible. These medals were designed and executed by Tiffany & Co., New York, and bear the words "Bessie Quisenberry Memorial." It is the earnest wish of the donor that this will promote on the part of our student-body an interest in Bible Study.

Just before the close of the session the President received a letter from Mrs. Boggess, who was Miss Nannie Shivers, saying she wished to establish a memorial to her father and mother, Dr. O. L. and Mrs. Katherine Shivers, names so intimately connected with the early years of Judson's history, and for this purpose would donate \$1,000.

Financial Statement.

While the financial showing made by the institution the past session is not as good as we could wish, we do believe, in view of all circumstances, we have done as well as could be expected. It will be remembered that at the last meeting of the Convention special attention was called to the Judson's needs, and it was asked that ways and means be at once devised for meeting these. At the last annual meeting of the Board of Trustees, they went very carefully over the situation, after having had submitted to them a report of W. L. McCas, a state expert accountant. They found the College is carrying an indebtedness of \$28,000, and that this indebtedness is greatly interfering with the progress of the school. This indebtedness does not represent an actual loss on the part of the Judson, but it has been incurred in the pursuance of the policy of the Trustees to use all the resources and means in their power to provide for the enlargement and improvement of the institution. The beginning of this indebtedness occurred when the auditorium and annex were built. Then came the purchase of the Tubbs place on which the Presidents' Home now stands, then the purchase of the Moore place, and later still the erection of other buildings. So it is very evident that while there is a debt to be lifted the College property has increased in value to an amount greatly in excess of that of the debt.

The delay in the work of the Alabama Baptist Educational Commission is known to all. This delay was thought to be best because of the financial conditions confronting the people. We believe if the cause of the Judson was presented to the Baptists of Alabama, its debt would be paid off in a few months, and the honored old institution left unhampered to pursue a career of usefulness. To this we ask the earnest, careful and prayerful attention of the Convention and its prompt action.

The Judson *needs now* our united support, we *cannot*, we *must not*, may I say we *will not* withhold our response. This thought, please, what the Baptists of Alabama do for the Judson *now* will, in no small degree, determine what the College will do in the future for the young womanhood of our State.

The Diamond Jubilee.

We are to celebrate the session of 1912-1913, the Judson's seventy-fifth birthday. This we shall call the Diamond Jubilee, and it would be most appropriate to signalize this great event by a united movement of the Alumnae and all friends of the institution looking to the endowment. During the Commencement in May this was mentioned and the idea was enthusiastically

received. The Alumnae began at once to form plans for furthering the work, and former students responded heartily.

I recommend that we begin at once to plan for the celebration of this anniversary in connection with the Alumnae. It seems most fitting that in the centennial year of Adoniram Judson's work we signalize the year by adding to the endowment and equipments of the institution named in honor of his wife, Ann Hasseltine Judson.

We ask that every Church in the State, that every member of the Baptist Churches in the State be an educational missionary — do personal work among those in your section of the State. The Judson has been a power for good for three quarters of a century. Never was her power greater than now. Now is the time to show your love and loyalty and her power for good will be still greater during the years to come.

Do not wait for a representative from the institution to call on you, but be that representative. Write a letter to Dr. Patrick giving the names of any girls or young ladies in your city, village or vicinity who should become a student of the Judson.

Since writing this report I have learned with pleasure of the movement started by the Alumnae looking to the celebration of the Diamond Jubilee and assisting in the work of the endowment, and the awakening of greater interest in every way in the College. They have employed Mrs. J. W. Cox of Gadsden, to travel in these interests, to organize Alumnae centers in all cities and towns where are found a sufficient number of Alumnae, inviting those from near-by points to join them. We heartily commend the enthusiasm of the ladies and are grateful for what they have done and are doing for the College.

ERNEST LAMAR,
President of Board of Trustees.

REPORT OF BOARD OF MINISTERIAL EDUCATION.

Your Board comes to you with the conviction that hitherto we have not been serious in addressing ourselves to the problem of equipping our ministry. When the Corinthian Christians acted as many of us have done Paul charged them with being carnal, "For whenever one says, I am of Paul, and another, I am of Apollos, are ye not men." Some of us will help young men in Howard College; others will help young men at the University, and others will help young men at the Seminary only. In this are we not childish, and carnal? Your Board would rejoice if we could be done with all such sentiments and take hold of the problem of creating a more efficient ministry, by seeing to it that any man who feels the call of God and wants preparation for it can have our sympathy and glad help wherever he may find it most convenient to study.

We have just about half way met the demands. We have had 43 students in college in Alabama and 19 at the Seminary; while a score or more have wanted to be in school who could not for lack of means, and 13 have been compelled to leave college before the close of session. So perhaps we have just about half way met the demands upon us. The Committee on Co-operation in working out its budget, I understand, has named \$8,000.00 as the amount Alabama Baptists ought to give this year to Ministerial Education. We can easily raise this amount and be richer for it; and if we will do this we can then adequately cultivate our field and measure up to our responsibilities and opportunities.

Your Board purposes to push the matter this year as never before and we ask the pastors and the brotherhood to co-operate with us heartily, for

it is your work after all, and if you do not meet it we shall have to mark up a failure at the next convention.

We want the Seminary to continue to have a wide open door in Alabama, but we feel that it would be conducive to unity to have all applications for aid made to this board and all appropriations to students made by it wherever they may be studying, and we so recommend. Further, we feel that this Board ought to be authorized, as it has often done in the past to borrow money, if need be, to pay any deficit to the Seminary, and we so recommend. In this way all our work would be rightly co-ordinated and such a deficit as now exists with the Seminary would be a thing of the past. We recommend that the appropriation of \$1,800.00 for the Seminary be approved by the Convention.

NINETEENTH ANNUAL REPORT OF THE LOUISE SHORT BAPTIST WIDOWS' AND ORPHANS' HOME OF ALABAMA.

To the Baptist State Convention,

Dear Brethren: Nearly twenty years ago the work of the Orphanage began in a small way; since that time it has grown not only as to size, but in the hearts of our people until it now occupies a prominent place in the work of the denomination.

Asking no questions as to church or creed, it has sheltered, clothed, educated and trained many boys and girls who had been deprived of their natural homes, sending them forth as useful men and women. The work of the institution is thoroughly practical, its aim being, to make the most of those entrusted to its keeping. The Orphanage occupies the relation of the parent to the child and what its inmates receive in the way of training depends largely upon the character of the workers we employ; for this reason it has been our constant aim to get the very best help and the improvement, especially noticable for the past year, is evidence that we are succeeding along this line.

From early morn till late at night its activities are carried on. The preparation of breakfast by the girls begins at 4:30 in the morning; then the cows are to be milked, housework done, as well as many other things necessary to the conduct of a large institution. Breakfast over, family prayers and to the school room. With the close of the school hours the boys are used on the farm and the girls in the sewing room or other departments of the work—so the days are spent. The children are trained in the affairs of life, educated in mind and ennobled in heart, thus filling the mission for which the institution was designed.

During the past year we have received 10 children and sent out 9. Of these 5 were adopted, 4 placed in homes and 1 returned to relatives. The number in the Home at this time is 91 about equally divided as to boys and girls. There is room for quite a number of other children and where churches or communities are trying to support indigent children, we invite correspondence, feeling that we can better do this work than the individual church. We find that as it becomes better known that we accept only helpless and dependent children that the number of applications decrease; then, too, we find that the policy of closely investigating applications often result in a home being found for the child in the community in which it lives so that the work of the institution is not wholly confined to the children we really shelter.

God's blessing has been upon us in that we have passed another year without the Angel of Death paying us a visit, indeed we have had very little serious sickness. The fact is that not a death has occurred among the children in about five years, a remarkable record we think when it is remembered that an average of about one hundred children have been cared for during this period. No doubt, but that this excellent record is due first to the locating of the Orphanage at Evergreen, a place long noted for healthfulness, as well as to the fact that we have our own Infirmary, and Physicians always ready to minister to the sick without loss of time.

Our school work has been especially satisfactory, this department having been under the direction of two consecrated young women, who were educated at the Judson, which means that they are splendidly prepared for the work. We have our own school building and equipment and the splendid foundation work done is expected to bear a richer fruitage the coming year. In addition to the academic work, a sewing department is maintained, open to every girl old enough to take training.

The Orphanage owns 80 acres of land, most of which lies within the corporate limits of the town of Evergreen. During the past year much has been done along the line of improvements in the physical development of the property. New fences, lands reclaimed and put in a higher state of cultivation, modern farm implements introduced as well as methods, not only with the view of better results in producing feed stuff, but as a matter of better training for the boys who have practically done all the work. A modern dairy has been built, the stock of cows greatly improved and many other improvements, both as to grounds and buildings. Naturally these additions and improvements cost money and yet by the use of our own labor the cost has always been as low as possible for work that must be done with any degree of permanency.

Most notable in the way of improvements is the boring of an artesian well, which is being put down for us by the Baptist Women Societies of the State. At this time the well is about 706 feet deep and we sincerely trust before the month of July, closes it will be completed and a sufficient flow of the water secured; then indeed it will be great blessing to us as well as a living monument to consecrated womanhood. We are thus placed under renewed obligation to them for their loyalty and devotion to this work.

We are pleased to acknowledge our renewed obligation to the churches in the Tennessee River Association for a splendid car of corn and to the brethren of southeast Alabama for generous contributions of syrup as well as to other churches and individuals for contributing in the way of bedding and other supplies. The increased cost of living the past year has made these contributions all the more acceptable.

The expenses of the Orphanage for the past year shows an increase, due to several causes; First, to the general increase in the cost of living; next, to the payment of the debt we reported at the last Convention, also to the fact that where many of our Women Societies formerly sent clothes they now send money; and finally, because, doing a higher class of work means higher cost. As a matter of fact, the finances of the institution are in good shape and we trust will be kept that way. Business men sell us gladly and give us the best prices. We are greatly pleased at the increased contributions from the Sunday Schools and we trust more and more to have their co-operation. Two special appeals were sent out during the year, one to the churches at Thanksgiving, the other to the Sunday Schools at Christmas, and the response has been so gratifying that the requests will be repeated from year to year. We are following the calendar plan, though with varying success, but we think it is a wise plan, and in the end will be generally adopted. Three of our large buildings will have to have a number of repairs made including new roofs, within a short time. We are following the policy of using the best material in this work, knowing that in the end it is real economy.

With the exception of some special work done in the Associations, by Brother S. O. Y. Ray, we have had no Financial Agent in the field, which is a very considerable saving to the denomination. We beg that our pastors will bear this in mind and help us by making the appeal to their churches.

The work of the Orphanage generally, we believe, has been improved as it should with the years to come, for it is no longer simply our duty to provide meat and bread and clothing but to give the children a real home, supplying them with what is best for their development. Ours is a great denomination and they have always responded freely and cheerfully to our appeals. We look to the future, determined, with God's help, to press forward. We need your prayers and sympathy and where it is possible for our people to do so, we specially invite them to visit us, with the assurance of a hearty welcome.

Respectfully submitted,
W. C. CRUMPTON,
Pres. Board of Trustees.

The Year's Work.

We are pleased to report fairly good collections for this fund during the year just closing. The work has been presented to the Associations, Churches,

Sunday Schools and W. M. U. Societies, in the usual way, by a personal letter from the Secretary. The Board decided to follow the Convention apportionment, instead of asking for an additional tenth as heretofore, and the monthly letters have been sent out accordingly.

Last year we reported seventeen regular beneficiaries on the list, while this year we have nineteen who receive monthly \$10.00, each making a total expenditure of \$200.00 per month on beneficiaries alone. For the past year one month's allowance has been applied directly after the death of any beneficiary to aid in his burial expense, which has been some help to the widows. These are the men who have laid the foundation to the Baptist work in Alabama. We are entering into their labors. They gave not only their time, but of their small salaries gave liberally of their means. Now that they are old and unable to longer do active work, it is our chance to show our appreciation of them.

Women's Societies are Helping to Advance the Cause.

Again the month of May was set aside as a special month for giving amongst the women of the State to this most worthy cause, and the Secretary sent out personal letters to each W. M. U. president making a special appeal to them for a "Birthday Offering", (as suggested by the State W. M. U. at their meeting in Gadsden last year), in behalf of these our forefathers, who have borne the heat and noontide toil, and now with tired hands are waiting for the summons which shall call them into eternal rest, and I am happy to report that our women responded beautifully to this appeal with contributions amounting to \$818.05, though the State W. M. U. has not yet incorporated this Fund in its Union work.

Board Hampered for Lack of Funds.

I beg to call your attention to the concise and appalling statements made at our last State Convention in regard to how few churches there are that sustain this fund, and how many there are that give but little to its support. The Board would like to increase their work but can not do so for lack of current funds. The widows and orphans should be aided. Alabama is the only state of seven (that I have had reports from) which does not aid the widows and orphans of the old ministers. The time has fully come when our churches ought to attend to this matter in a worthy way. This fund should be doubled at once. Pastor and church ought to take hold of it immediately and work it vigorously, until all our preachers in active service may know that, in their declining years, they will not fail to have the common comforts of life. Each year we have been in the habit of blaming ourselves in the reports before our district associations and the State Convention for neglecting these preachers, but we go back to our respective places and forget that we have any old worn out ministers in our State. Let us during the coming year give this department of our denominational work such emphasis that not one of our needy shall be unprovided for. Let the pastors seek to know the needs of the ministers in their district and report same to our Board. Then let such collections be taken as will create an abundant fund to care for all these in a manner worthy of Baptists.

Recommendation of the Board.

In looking forward for another year and asking for a continuance of your help, the Board begs that you consider prayerfully your duty to the aged and infirm ministers. "Even so hath the Lord ordained that they which preach the gospel shall live of the gospel." And this does not mean that only while they are able to preach, we are to support them; but so long

as they are with us we should most cheerfully care for them, counting it a blessed privilege.

Respectfully submitted,

ANNIE H. TOWNSEND, Secy.

24. A. J. Dickinson read**REPORT ON WOMAN'S WORK.**

Your Committee on Woman's Work would report:

1. That at present it is estimated that there are 705 societies in 427 of the 2,029 churches in the State; and there are organizations in 61 of the 78 Associations. There has been contributed through the office in Montgomery to July 1st, last, \$26,018.00 as follows: To Foreign and Home Missions, \$15,757.00; to State Missions, \$5,005.00; to Aged Ministers, \$493.00; to Orphanage, \$914.00; to Ministerial Education, \$71.00. This is an increase of about \$8,000.00 over the contributions of the previous year. It is estimated that of the possible 100,000 women and girls in our churches, not more than 13,000 have had a part in the above reported work; and enlisting hitherto unenlisted women needs to be pressed with increased zeal and efficiency.

2. The Convention has just occasion for gratitude to God for this excellent report; and in that connection would present its appreciative regards and grateful esteem to Miss Kathleen Mallory, the General Secretary,

Miss Laura Lee Patrick, the Leader of the Young Peoples' Work, and Mrs. T. A. Hamilton, the State Organizer, for the good they have accomplished during the year. It is with regret and sense of loss that the Convention cannot longer have the General Secretary in the capacity in which she has proven so efficient; but congratulates the larger work on having the prospect of her services, and we invoke the blessings of God on Miss Mallory in her larger field of usefulness, as General Secretary of the work of the South. The Convention commends her successor in the State work, Miss Miss Julia Ward, to all our people; and on her efforts invoke the blessings of God and co-operation of all the churches.

3. The Convention would request each of the Associations to give to the Organized Woman's Work a place on its program, and contribute at least \$5.00 each to its general expense fund.

4. This year is the 25th anniversary of the organization of this work auxiliary to the Southern Baptist Convention, and it is proposed to celebrate this quarter of a century in becoming manner. This work is no longer an experiment among us, but has vindicated its wisdom by a successful career of great efficiency. Your committee would suggest that a committee be appointed by this Convention to bear to the meeting of the women at their next session in Tuscaloosa the greetings and grateful appreciation for its wise and efficient services in the work fostered by the Convention.

5. Your committee would further recommend that the Constitution of this Convention be so changed that it may provide for representation in this body by women delegated from the Women's Auxiliary Organizations, State, Associational and Church, in proportion to the amounts contributed by each; and to that end a special committee be appointed to draft and present at this session such an amendment for its action, or a resolution so construing the constitution.

A. J. DICKINSON, for Committee.

The report was discussed by A. J. Dickinson, J. M. Kailin, Preston Blake, H. S. D. Mallory, C. A. Stakely and J. N. Prestidge, and then adopted.

The president appointed as the committee to convey our greetings to the Woman's Convention, L. O. Dawson, H. B. Foster and B. F. Giles, and to consider the constitutional question, Preston Blake, D. H. Marbury, J. M. Thomas and H. S. D. Mallory. (See Item 50.)

REPORT ON FOREIGN MISSIONS.

The reports at Oklahoma City, from our representatives on the far-flung battle line, as they rehearsed what God had wrought through them, caused us to thank God and take courage. The year had been in some respects a most trying one. Never before had our Board brought over such a deficit and never before had it grappled with such stupendous problems. Notwithstanding the difficulties, the hand of our God was upon us for good, and we saw more money raised and more baptisms reported than ever before in the history of our work.

The receipts for the year 1911-12 were \$580,408.17 an increase of \$70,000 over the preceding year. Of this amount Alabama gave \$34,928.20, or nearly

\$10,000 more than the preceding year, if we deduct the special bequest of that year. Yet we hang our heads in shame when we recall that it took 192,000 Alabama Baptists to do this. There were 4,300 baptisms reported, a signal token of Divine favor, when we remember that the efficiency of our missionary force was greatly hindered by revolutions in Mexico and China.

This report shows 268 missionaries in foreign fields, 112 ordained native preachers, and 465 unordained native helpers. During the past year our missionary force has suffered heavy loss at the hands of the reaper, Death. Since the last meeting of our State Convention three of our veterans have been removed from the scenes of their earthly labors—Brothren Greene and Graves, in South China, and Hartwell, in North China. These were all princes of the spiritual realm and their going calls mightily for re-enforcements. Not only are we saddened by the death of these, but with such towers of strength as Simmons and Lowe out of service on account of broken health, and with Mrs. Ayers and Mrs. Province at home on indefinite furloughs for the same reason, the Macedonian call of the over-burdened laborers ringing in our ears ought to stir our hearts. Let prayer be made for the health of our missionaries at home and on the fields.

With its limited resources the Board is doing its best to meet the demands of the situation. It is easy to criticise but we must not forget that "the grumblers never work and the workers never grumble." Be it remembered that the large debt reported at Jacksonville came through no fault of the Board. The preceding Convention had given instruction to the Board to send out thirty new missionaries to meet the proposition of a Northern Brother who agreed to finance one-third of the new missionaries the Board would send out, up to the number of sixty. When the money was not forth-coming these missionaries who had already gone out could not be recalled. In addition to these a number of our "gospel mission" brethren in North China and Bible Mission in Southern China, who were one with us in faith and practice, saw their mistake in policy and applied to our Board. It would have been folly to reject them with their experience and knowledge of the language.

Under the strain of last year the Board not only paid the current expenses of the work in the field for the year, but reduced the debt from \$90,000 to \$56,000. The financial statement speaks for itself and invites the closest scrutiny. The expenses of collecting and forwarding the mission funds were 12 cents on the dollar. Half of this was for interest and for expenses connected with the various State Boards. We believe it would be better if the various states could devise some equitable plan of raising missions funds without charging the general Boards, but our only real criticism is concerning the interest account, which last year amounted to \$14,269.39, the salary of something like 24 missionaries. In this matter the criticism is on ourselves and not on the Board. The remedy is in meeting our apportionments, and that, according to the scriptural plan of systematic weekly giving. Of course we can make no law for the churches but we plead for obedience to the principal of systematic giving laid down in God's word.

We most heartily endorse the emphasis which is being laid upon the educational work in our mission fields. No people can ever be successfully evangelized until a native ministry is raised up and equipped for the work. It is high time we were realizing this in our mission work. To do this we must have schools and theological seminaries. While we urge this phase of the work we would suggest the greatest caution against any entangling alliances in our work which would in any wise compromise our blood-bought Baptist principles. In this connection we desire to place ourselves on record as endorsing the Judson Centennial Campaign, and pledge our co-operation to Secretary Ray as far as possible without interfering with our general denominational work.

Since the last meeting of our Convention the Board at Richmond has held two general meetings to which the various state vice-presidents have been specially invited. If these non-resident members of the Board, scattered as they are, over the territory of the Southern Baptist Convention, are to have a real share in shaping the policy of the Boards' work we commend this plan as a most helpful way of bringing the Board closer to the people.

We call special attention to the steps taken at the recent meeting of the Board to enlist the laggard churches and to devise, in co-operation with the Home Board and the State secretaries, some general plan of systematic beneficence which will prevent the annual recurring crises in closing up the work of our Home and Foreign Boards and at the same time reduce the interest accounts. These unsolved problems are worthy of our best thought and prayer.

Your committee would recommend that,

1. We accept Alabama's apportionment of \$38,500 for Foreign Missions and at the same time pledge our best endeavor to raise it.

2. That our Pastors organize and maintain Mission Study classes as far as possible in all their churches.

3. All our district associations elect each an associational representative to co-operate with the Foreign Mission Board in enlisting the churches of the associations in praying for and giving to Foreign missions.

4. Prayer be made unceasingly that the Lord of the harvest thrust forth more laborers into his harvest by raising up more of our choicest young men and women to go and at the same time by opening the hearts of our men of means to give of their substance for the support of the gospel.

W. F. YARBOROUGH, Chairman.

The subject was discussed by J. W. Shepherd, T. B. Ray, W. B. Crumpton, W. H. Smith and W. Y. Quisenberry, and the report adopted. On motion of Preston Blake it was

Resolved, That we heartily commend the action of the Southern Baptist Convention in launching the Judson Centennial movement to raise \$1,250,000 during the next three years, which fund is to be used for the better equipment of the schools and general work fostered by our Foreign Mission Board, We recognize in this action a compelling call to our Baptist people to do a large and imperatively needy thing. We urge those to give liberally, who can do so, in addition to their regular gifts to missions.

Resolved, That a committee be appointed by this convention to co-operate with the Southern Baptist Convention Committee in furthering this great cause among our people.

REPORT OF BOARD OF TRUSTEES OF HEALING SPRINGS INDUSTRIAL ACADEMY.

We feel that the prospects for another year are bright. Students from other Sections of the State have written to know about the school. The past year was a good one. Much religious work was done by the teachers and students. One ministerial student has attended.

T. E. TUCKER, Chairman.
J. E. McLEMORE.

As President of the Trustees, I have not been able to visit the school during the Session. The last Convention instructed the Secretaries of the Commission and of the State Board of Missions to visit Healing Springs to confer with the Trustees as to the future of the Academy and they were empowered to make any changes that they might deem wise.

As a member of that Committee, I have reported to the Convention. The two Secretaries and the Trustees financed the School through the past session with Brother W. A. Darden in charge.

The question anxiously asked by the local Board is: What will be done with the school another year. The doubt which prevails in the minds of the people each year and the change of teachers makes it almost impossible to keep up the interest. We refer to the Convention the question: What shall be done with the school?

To suspend the school means the surrender of the one hundred acres of land with the building.

My own opinion, which I am sure is endorsed by the local Board is that the school should be continued.

W. B. CRUMPTON, Pres. of Board.

The report was referred to a committee consisting of S. O. Y. Ray, J. H. Creighton, and J. W. Dunaway. (See Item 54.)

28. On motion of A. A. Walker it was Resolved

Believing that one of the most vital needs of our time is a revival of religious training in the home,—and that any movement that helps to place renewed emphasis upon parental responsibility concerning this sacred obligation should be encouraged; therefore, be it resolved:

First. That we note with pleasure these preading influence of the Family Altar League.

Second. That we heartily commend the work of the League, and suggest that a Family Altar Day might be observed in every church within the bounds of our Convention, to the glory of God, the edification of our people, and the salvation of our children.

29. On motion of J. W. Dunaway, as amended by J. G. Dobbins, it was Resolved,

Whereas, The Secretary of the Alabama Baptist State Convention is being over worked for the want of modern equipment, for getting out the minutes of our convention.

Therefore, be it resolved, That this convention acquire for him a modern typewriter as the property of the Convention.

REPORT OF NEWTON SCHOOL.**For Fourteenth Session.**

We are glad to report progress and good work in spite of disaster. We trust our report will be a source of inspiration to all the Baptists of Alabama.

We lost, by fire, our building and all equipment in January last; but the school moved on without a break and closed with a good record. The Baptist church kindly allowed us to use their building and parsonage without charge.

The health of the student body has been excellent; the work, on the part of both students and teachers, has been highly satisfactory along all lines.

The enrollment for the year reaches 313; of these, 214 were boarding students and 99 resident students. The teachers' classes during the year, aggregated 108, while the classes in Music, Voice and Expression were reasonably large.

All regular students above the Primary grades took regular Bible work under the Pastor.

We had in school 14 young preachers, most of whom are young men of much promise. There were 13 graduates at our last commencement—7 young men and 6 young women.

With the new building, better equipment, and two new departments provided, it is confidently believed that the next session will be our best. Domestic Science and a Business course have been added. We now offer splendid work in each of the following: The Literary course, Music, Voice, Expression, Domestic Science, and a Business course.

The Bible will be taught in all classes from primary to graduation.

While the unfinished new building was going up in smoke, the Principal and a few of the trustees and citizens held a meeting and resolved that the school should go on and a fund for a new building begun at once.

A meeting of the Trustees and a committee for the Education Commission was called and after some discussion the Committee proposed to give \$2.00 for every \$1.00 that Newton and Dale County would raise.

Newton gladly accepted and raised at once \$4,200 cash; and in work \$250 by the citizens, and \$600 in teaching, the gift of President A. W. Tate.

By the assistance of friends, Newton has raised \$6,050.00, \$50 more than the maximum amount set by the Commission on the basis of \$2.00 for every \$1.00. The gift of \$600 in work by A. W. Tate has not been agreed to by the Education Commission, but this matter is now before that body for consideration.

The Building and Equipment Committee has purchased the following: A heating plant, five pianos, five typewriters, two hundred and sixty school desks, seats for the Auditorium, Domestic Science outfit, and some apparatus to begin a laboratory for the Science department.

Since almost one thousand dollars donated by Newton was in work, and since the sanitary building and fixtures must be provided, it is absolutely necessary that the total sum of \$18,000.00 be raised.

It is quite evident from the present status of the work, that the new Building will be completed and equipped by the opening of school, September 4. We are grateful indeed, for all that has been done by the Education Commission and the hearty co-operation of our Brethren and friends throughout the State to meet the needs of our school.

Respectfully submitted,

B. P. POYNER, Pres. Board of Trustees.

REPORT ON SUNDAY SCHOOLS.

Progress has been made in the Sunday School work of our churches during the past year.

Three City Training Schools have been held by the combined field forces of the Sunday School Board and the State Mission Board, one at Anniston, one at Montgomery and one at Mobile. Four schools, of a similar nature have been planned for the coming year.

The plan of holding Associational Institutes, that was outlined and recommended at the last State Convention has been carried out to the extent of holding six such institutes with four more planned for this summer and fall. Reports indicate that these Institutes have been very helpful and bid fair to become annual affairs in the majority of the associations in the State.

In addition many local institutes and rallies have been held throughout the State.

While we commend the holding of Institutes and Conventions, it is a fact that the majority, perhaps of the schools must be reached at home.

To this end we heartily approve the course of the State Mission Board in providing a sufficient number of Field workers to accomplish this purpose.

The Field Force now consists of H. L. Strickland, B. Davie, A. L. Stevens, and Miss Lillian S. Forbes.

Plans for the coming year are comprehensive and laid out on the largest scale of any state in the Southern Baptist Convention and we earnestly request the co-operation of the churches in making them successful.

We recommend:

First, That if practicable the Sunday School interests be given a place on the State Calendar of Benevolence. Until that is done we hope the churches will contribute one regular offering quarterly from their Sunday Schools for the support of Denominational Sunday School Work.

Second, That the schools acquaint themselves with the "Standard of Excellence" as suggested by the Sunday School Board at Nashville and endeavor to attain to the A-1 Standard.

Third, That the Executive Committee of the various associations, if they deem wise, co-operate with the Sunday School Field Force in planning associational Institutes and church to church visitation.

Fourth, Many Associations in the State have already organized Sunday School conventions, others are organizing. We believe the time is now come for the holding of an annual Baptist School Convention. To this end we recommend that the Sunday School Committee appointed by this Convention be requested to call a meeting of the representatives of Baptist Sunday Schools throughout the State to meet the day following the Encampment at the Baptist Encampment grounds, Pelham, Alabama, for the purpose of perfecting our organization and making preparation for a Baptist State Sunday School Convention to be held during the year 1913 at such time and place as may be thought wise.

Fifth, We recommend the Sunday School Board Teacher Training Course throughout. The first book in the course, "The Convention Normal

Manual," we believe to be the best of its kinds for our people. We urge our people to be loyal to the State Board of Missions and to our Sunday School Board at Nashville, as these two Boards are especially active in promoting our Sunday School interests.

Respectfully,

HARRY L. STRICKLAND,
H. ROSS ARNOLD,
J. H. BUSH.

34. The Secretary was directed, on motion of S. O. Y. Ray, to publish in the minutes the proceedings of the Ministers' Meeting and of the Alabama Baptist Ministerial Benefit Society, and the Committee on Program for next Convention was requested to also prepare a program for a Ministers' Meeting at the same time.

35. J. A. French read the

REPORT ON THE B. Y. P. U. WORK.

The Nineteenth Annual B. Y. P. U. Convention of Alabama was held with Woodlawn Church, April 16th-18th, and was full of interest and enthusiasm, one of its greatest features being the Study Course Class conducted by Prof. L. P. Leavell. A large number of the delegates took advantage of this work and it is thought that by this means the cause received marked advancement.

In general, it may be said that our B. Y. P. U. State Work is in a fine condition, that the attendance on the Convention is uniform, and the addresses are of a high order. We have in the State approximately 50 unions, about 15 of these having been organized within the past year. Much credit for the progress and prosperity of this arm of our power is to be given to Mr. Harry L. Strickland, our efficient and ubiquitous Sunday School Secretary, who devotes to it a portion of his time, as the circumstances demand and he is able.

At our last State Encampment this important work received due consideration, and doubtless the same will be true of the Encampment to be held at Pelham in August. We commend these encampment meetings to our young people, believing that it will greatly aid them in their work to attend them, regularly if possible.

At the coming encampment the B. Y. P. U. Training Class will be taught daily by J. E. Byrd, Secretary of Sunday Schools and B. Y. P. U. work in Mississippi.

The B. Y. P. U. of the South met in Oklahoma City, in convention with the Southern Baptist Convention, in May last, and was largely attended.

Your Committee commends to your attention the following features of the Executive Committee report:

"The Convention B. Y. P. U. task devolves jointly upon the Executive Committee of the B. Y. P. U. of the South and the Sunday School Board. The growing popularity and rapidly increasing efficiency of the B. Y. P. U. are unquestionably the result of this joint arrangement. The Sunday School Board has contributed toward the furtherance of this work by means of its publications and through its field specialists. A literature and field work are supreme necessities in the development of this work. Without these

we could accomplish but little. The Sunday School Board has gone forward in these directions as rapidly as the demands of the work seemed to justify, and for this the B. Y. P. U. of the South owes that Board a debt of gratitude. The Sunday School Board's Field Secretaries, L. P. Leavell and Arthur Flake, have devoted much attention to the B. Y. P. U. in the encampments, assemblies and training schools held in various parts of each state composing our Convention territory east of the Mississippi River. Field Secretary, E. E. Lee has devoted himself entirely to B. Y. P. U. work in the trans-Mississippi states. * * *

We recommend that this Convention approve the request of the B. Y. P. U. of the South that the Sunday School Board take under advisement the special designation of one of its field secretaries to make the B. Y. P. U. his special work in the states east of the Mississippi River during the coming year."

It is further interesting to observe that the report of the Education committee announced that the study course entitled "The Bible and How to Use It," from the pen of Dr. B. A. Dawes, would be issued from the press by the early fall of the present year, and recommends it for study classes during the coming fall and winter. This study course, prepared in a style suited to Baptist young people of every grade of mental training, and written by an experienced pastor, teacher and B. Y. P. U. leader, promises to supply a long felt need on the part of Baptist young people. The Education Committee therefore urges all pastors and leaders to secure the adoption of this book for study classes in the churches.. It will be written in brief form and the entire course may be completed within thirteen weeks."

"Another study course planned by the committee and to be issued at a still later period will be entitled "Training in Christian Truth." This study course will be prepared by two brethren working jointly, Rev. High C. Moore, editor of the Biblical Record, Raleigh, N. C., and Prof. L. P. Leavell, Oxford, Miss."

"The splendid study courses issued in the past, viz.: "Training in Church Membership," by D. I. J. Van Ness; "How Southern Baptists Work Together," by Dr. Lansing Burrows; "The Heart of the Old Testament," by Prof. John R. Sampey; "The Doctrines of Our Faith," by Dr. E. C. Dargan; "Southern Baptist Foreign Missions," by Dr. T. B. Ray, and "The B. Y. P. U. Manual," by Prof. L. P. Leavell, all have the continued endorsement of the committee as suitable and important courses for B. Y. P. U. study classes."

"The committee also reports the preparation of the Home Mission Board of a text-book called "The Home Mission Task," which will be recognized as one of our study course books."

If our young people can be constrained to the utilization of these noble helps to Christian development, we shall have a type of men and women in our churches which precedent generations have never known.

The report was adopted without discussion.

36. J. T. Ashcraft moved to reconsider the adoption of the Report on Sunday Schools, which was refused.

37. The time assigned to the Educational Commission having arrived, Vice-President H. B. Foster was called to the chair and W. J. E. Cox conducted the exercises.

bama Central Female College, and the report was spoken to by C. S. Rabb, on request of B. F. Giles president of the College.

REPORT OF THE BOARD OF TRUSTEES OF THE ALABAMA CENTRAL FEMALE COLLEGE.

To the Alabama State Baptist Convention:

The attendance during the last session was one-hundred and twenty, of this number seventy being boarders. This shows an increase over the previous session of about twenty per cent. There were eighteen graduated in the literary department and one in the voice department.

According to agreement between the Trustees of the institution and the State, tuition was given to five girls. This requirement has been in force since the founding of the institution.

During the session, a revival was held at the First Baptist Church, in which all the boarders, not Christians, united with the church except two.

There was introduced into the curriculum, as a regular feature of it, the study of the Bible. Daily recitations were held, the scope of the work covering the Old and the New Testament. All students in order to graduate are required to finish this course of study.

The authorities are grateful for the good health that prevailed during the session; for the harmony and good will existing among the students and faculty; for the religious atmosphere in evidence; and for the efficient work done in the different departments.

The Trustees at their last meeting appointed a committee to confer with the Trustees of the University of Alabama, looking to the securing of the title of the property known as the Alabama Central Female College. The committee has laid the proposition before the University trustees, and they have referred it to the proper committee.

Respectfully submitted,

HENRY B. FOSTER.

Pres. Board of Trustees, Ala. Central Female College.

(b) J. B. Ellis read the report of the Trustees of Howard College as follows, viz:

REPORT OF THE BOARD OF TRUSTEES OF HOWARD COLLEGE.

Dear Brethren:

On behalf of the Board of Trustees of Howard College allow me to present the following report for the Academic Year, 1911-12:

The total enrollment for the session was 165, about an average attendance for the last ten years. Of this number, 43 were ministerial students. The character of the work done has been very satisfactory. The total debt on the college now is a little over \$10,000.

A full four-year high school course has been established for the coming session and three new teachers have been elected to take charge of this work.

During the summer the services of Miss Pitcher of Montgomery, a trained librarian, have been secured to catalogue the books in the college library. This work will be completed by the first of August, and the books will then all have been catalogued, according to the most modern system. The credit for this movement is most largely due to the Howard College Library Association, which contributed most of the money for the employment of the cataloguer.

The Department of Physics has been strengthened by the installment of new laboratory apparatus for which there has been appropriated the sum

of \$750.00. Though not at all adequate, this makes it possible for the college to do fairly good work in this department.

The interest from the endowment the past year was almost \$6,000. If our denominational interests are to be best conserved we must have an increasing interest in our denominational schools, an interest manifested by gifts and patronage. We therefore beg your support in the further development of the college, that it may be better equipped and that it may more fully realize the mission for which it was founded.

Respectfully submitted,

J. B. ELLIS, Pres. Board of Trustees.

(d) A prayer service was conducted for fifteen minutes by J. G. Dickinson.

(e) The Report of the Trustees of the Baptist Collegiate Institute, (see Item 30), was called up and the Convention was addressed in this interest by A. W. Tate, Principal.

(f) The Report of the Educational Commission was read by J. C. Wright as follows, viz:

REPORT OF EDUCATIONAL COMMISSION.

We are persuaded that some brethren do not understand the plans and purposes of the Commission though these were clearly presented through the Alabama Baptist by Dr. L. O. Dawson, a member of the Commission, before we elected a secretary. It has been our plan to induce the churches, as far as possible, to make annual contributions to denominational or Christian education as they do to other denominational interests. This is the plan followed by similar organizations in other southern states. To expect as some have done, a large amount of money to be raised in a short time by this method is to expect what cannot be realized. We believe that, in addition to the amount of money contributed, the continual agitation of the subject of denominational schools will mean even more to the denomination than the amount of money that may be raised.

The apportionment committee of the last convention did not expect the Commission to raise a large amount of money for the apportionment recommended to the convention for this purpose was only ten thousand dollars. This amount was raised to fifteen thousand dollars by the convention at the request of the secretary of the Commission.

The treasurer's report will show the amount of money contributed during the past year to our work. This money has been contributed by 303 churches, in addition to what has come through the Women's Missionary Union and a few personal gifts.

The Commission has not had smooth sailing or enthusiastic support during the past year. The representatives of the Southern Baptist Theological Seminary canvassed the state during the year for the institution and Dr. Montague was sent out by the Commission in the interest of the endowment fund of Howard College. The Financial situation in the fall on account of the low price of cotton, the many rainy Sundays during the winter and the special campaign since the beginning of March in the interest of Foreign, Home and State Missions, during which times the schedule in many instances, has been disregarded, are facts well known to the members of this convention.

During the month of January the Newton school building was destroyed by fire and the trustees appealed to the Commission to come to their help in rebuilding. It was necessary to erect a new building or abandon the school, which no one believed should be done. The erection of this building has prevented us from doing much for our other schools. If the brethren will come to our help in paying for the building at Newton we can then give our attention exclusively to the Howard and the Judson.

We believe that the Commission can reasonably expect the full co-operation of our brethren in general. Criticism is easy but what we need and

earnestly ask for is hearty co-operation, if we are to give to our schools what they need and must have.

Dr. Cox having decided to re-enter the pastorate, tendered his resignation which was accepted.

Dr. R. G. Patrick has been unanimously elected as his successor and has the matter under advisement.

41. W. C. Crumpton read the

REPORT ON TEMPERANCE.

The Saloon must go. As an agency for the destruction of human souls, it has long had the enmity and active opposition of Protestant Christianity, but as its annual contribution to crime, insanity, pauperism and death are made increasingly manifest, thoughtful men who recognize the economic value of human life are adding their protest against an institution which represents all that tends toward the degradation and destruction of the human family.

The Economic View.

Looked at from an economic view the facts are startling. The burden the average drunkard places on a community or state was interestingly presented by a recent article in Collier's Weekly which reviewed the record of a half dozen or more of these unfortunates, who had spent from nine to thirteen years of their lives in prison and public workhouses at a cost to the communities or states in which they resided of from \$1,000 to \$2,000 each, showing that the individual drink bill of the average drunkard is paid at last out of the public treasury.

We are told that from 40 to 47 per cent of the inmates of public Poor Houses owe their condition directly or indirectly to the use of alcoholic liquors, while a report from the Superintendent of the Manhattan Hospital for the Insane of New York states that 64 per cent. of cases of men admitted during a single year to that institution was directly or indirectly tracable to the liquor habit.

The close relation of the liquor traffic to vice is shown by the report of the Chicago Vice Commission in which it is stated that a large number of the saloons and wine rooms of that city were mere recruiting stations for the vice districts.

As to the effect of the liquor traffic on the public health of the nation, the United States Mortality Reports show that 18,868 men between 24 and 64 years of age died from alcoholic diseases in the 4 years from 1900 to 1904 which was 3,000 more than died from typhoid fever within the same age and in the same years and 17,000 more than died of smallpox during the same period.

It will thus be seen that the liquor traffic is the dark and blood stream which courses its sullen way throughout our national life, contributing criminals, paupers and lunatics to the body politic, promoting and nourishing vice and finally bringing to their death thousands of our fellow citizens who are the victims of its avarice.

The Moral View.

To the student of economics whose interest is centered in the conservation of the material forces of our common country such facts and figures are startling, but the forces of the Convention are committed to a broader and higher view of this great question.

Since the early dawn of human history with its recorded question: 'Am I my brother's keeper' and its fearful answer in the curse of Cain, Christian men as moral agents have recognized more and more that the curse of God has ever been on that man whose horizon is limited to the bounds of his own life and as was strikingly said in a previous report to this Convention, "the people of God should not only care for the man who has fallen among robbers on the way from Jerusalem to Jerico but to save others from a like fate should also police the road."

The Status of Alabama.

Under the specious plea that "prohibition does not prohibit," coupled with the unlimited use of money in corrupting public sentiment, the agencies of American saloon interests have succeeded in winning a temporary victory in Alabama, enacting into law what they were pleased to call "the most stringent regulation measure ever placed on the statute books of an American state," declaring that with its enactment the State had been "restored to sanity and conservatism," prophesying a regulation of the liquor traffic in this State and the complete destruction of the blind tiger.

What has been the result. More than a year has passed with this measure entirely in the hands of its friends and champions and scarcely a day passes without there appearing in the public press reports of the continuance of the blind tiger evil in its notorious forms. Recently the President of the Montgomery Excise Commission is alleged to have publicly confessed to the license liquor dealers of that city who were begging for relief and protection from blind tigers that the Excise Commission had "done all that they could and that these tigers were no longer blind but they were open tigers."

If it be true that prohibition does not prohibit it is equally true that *regulation does not regulate*. In the light of such recent history, what posi-

tion shall we assume? The only consistent position for this Convention to assume is that of continued avowed hostility to this monstrous evil in all its forms, uncompromising warfare on all its agencies and a removal of the pledge of all its power toward the redemption of this fair State from the dominating influence of the liquor traffic, and to this end to commend to the churches of our denomination the Anti-saloon League as the most effective agency of the confederated Christian churches of our commonwealth for the realization of this purpose.

Respectfully submitted,
WILLIAM C. CRUMPTON, Chairman.

The subject was spoken to by W. C. Crumpton, H. S. D. Mallory, and Brooks Lawrence, and a subscription was made to the Expense Fund of the Anti-Saloon League.

REPORT OF THE CENTENNIAL COMMITTEE.

In this report the Centennial Committee begs leave to say: First, that through the unselfish labors of its county historians who wrought without money and without price, it has in its possession, carefully tabulated histories of churches in the counties as follows: Autauga 3, Baldwin, Blount Bullock and Butler, 1 each; Chambers, 1; Cherokee 19, Chilton 2, Clarke 24, Colbert and Covington 1 each, Conecuh 3, Coosa 4, Cullman 10, Dale 1, Dallas 6, DeKalb 27, Elmore 6, Fayette and Franklin 1 each, Lawrence 2, Limestone 5, Lowndes 2, Madison 13, Marengo 6, Marshall 2, Mobile 5, Montgomery 7, Morgan 8, Pickins 1, Pike 10, Shelby 13, Tallapoosa 8, Walker 4, Washington 5, Wilcox 2, and Winston 1; making 138 in all. These histories are ready to be turned over under the agreement to the State Department of Archives and History, where they will be kept for the use of future students and historians. Though they are not many as compared with whole number of our congregations in the State at the time they are to be regarded by the State and by us as an invaluable possession. It will be seen from the foregoing that even the stimulus of a Centennial Celebration could not stir up our people to anything like an adequate consciousness of their history in the State. It will be seen that some of the most important counties in the State are not even so much as represented in the list as, for example, Jefferson, Talladega, Tuscaloosa, Barbour, Lee. We recommend that this matter of local histories be referred to the Alabama Baptist Historical Society with the suggestion that it appoint in each county of Alabama a County Historian to continue and complete the work already begun by the Centennial Committee for the denomination and the Department of Archives and History.

The committee begs leave to say, Secondly, that there is a sufficient number of the Centennial addresses on hand and in shape to warrant the beginning of publication. Some of the addresses at the Centennial were delivered without manuscript or even notes and are impossible of exact reproduction, others are well known to have contained no historical matter but were simply speeches on the occasion; but the great majority of them were carefully arranged contributions of real historical value and should be preserved in some acceptable and permanent form. It would be a pity for the Baptists to lose such addresses as Dr. Riley's "Under the Triennial Convention," Dr. Crumpton's "The Baptist State Convention," the addresses of Drs. Shackelford and Blackwelder on the pioneer preachers of Alabama, those of Drs. Montague and Patrick on the Howard and Judson, those of Prof. Halbert and C. W. Hare on our Baptist work among the Indians and Negroes, the one by A. G. Mosely on our Baptist historians, and the one by Col. Murphree on Baptist Journalism in Alabama. These are mentioned as illustrations of what our loss would be. The committee recommends that it be instructed to begin the publication in book form of these and the other addresses as soon as practicable on such terms however as will not involve the Convention itself in any financial obligation.

CHARLES A. STAKELY, Chairman.

The Report was adopted.

46. R. S. Gavin read the

REPORT ON HOME MISSIONS.

On the base of the monument of Benjamin H. Hill, in Atlanta, are these words: "He who saves his country saves all things, and all things saved will bless him; he who lets his country die, lets all things die, himself ignobly—and all things dying curse him."

The sentence is taken from one of the great orator's greatest orations, and is strikingly *apropos* to-day when used in connection with the Home Mission Work of Southern Baptists.

The wisdom of our fathers, when, in convention assembled in Augusta, Ga., in August, 1845, to form a Southern Baptist Convention, they decided that two Missions Boards—*Foreign* and *Home*—would be more satisfactory and efficient than one, is no longer a mooted proposition among the well-informed.

The two Boards are not, and have never been in any sense whatever, *antagonistic*, but, in the best sense, they are now as they were designed to be, and as they have ever been, *complementary*. The Foreign Board lays special emphasis upon the importance of saving the regions beyond; the Home Board lays special emphasis upon the importance of saving the homeland. It is a distinction, to be sure,—but a distinction without a difference. For is not the ultimate purpose of *both* the salvation of the world in Jesus Christ our Lord?

The Home Board, with headquarters in Atlanta, Ga., with Dr. B. D. Gray as Corresponding Secretary, has just rounded out one of the most successful and far-reaching year's work in all its sixty-seven years' history.

Aiding Weak Situations.

This phase of the Board's work is carried on both in co-operation with the different State Boards and independently. It includes the aid given to weak churches, the constitution of churches, the organization of Sunday Schools, etc. During last Convention year the Board assisted in Alabama in the support of 18 co-operative missionaries.

Houseless Churches.

There are more than 3,000 organizations within the bounds of the Southern Baptist Convention that have no home in which to worship except God's great out-of-doors, no floor but God's earth, no overhead but His heaven. No other Christian body in America has so many houseless churches as have Southern Baptists; and, comparatively speaking, no other denomination is doing so little as are Southern Baptists for their unhoused congregations. The Northern Presbyterians have a building loan fund of three-and-a-half million dollars; the Northern Methodists a million-and-a-half; the Southern Methodists nearly a half million; the Disciples about one million.

And the Southern Baptists, nearly 2,500,000 in numbers, comprising nearly 39 per cent of the church population of the entire South, and second in point of wealth to none, have been answering these splendid loan funds with only \$70,000! At the recent meeting of the Southern Baptist Convention in Oklahoma City; however, it was unanimously and enthusiastically decided to instruct the Home Board to enter at once upon an aggressive campaign to raise a loan fund of one million dollars.

During the year the Board has expended \$1,500 to aid in building houses of worship in Alabama.

Mountain Schools.

What is known as the Mountain Region of the South embraces parts of seven States, Alabama, Georgia, Kentucky, the Carolinas, Tennessee and Virginia.

It is 600 miles in length, averaging 200 miles in width; contains an area of 100,000 square miles; has a population of nearly three and a half million, and nearly a million church members, with at least half of this membership in Baptist churches.

Dr Gray is authority for the statement that one dollar of Baptist money among the mountaineers has accomplished more than two or three of any other denomination. Still, the Presbyterians alone are putting \$3 into this mountain work to every dollar spent by Baptists; the Methodists claim 31 per cent of the membership of the churches, and are availing themselves of every opportunity to gain the ear and heart of the mountain people; and while out of 178 counties in 1906, 143 did not report a single Catholic, the Roman Catholics now, realizing something of the wonderful possibilities of this section are planting their missions here and there, in an effort to gain a foothold in these South Highlands.

Southern Baptists are now maintaining 29 mission schools in this section, with an attendance of 5,000 students. Four of these 29 mission schools are located in Alabama.

Evangelism.

This is the youngest of the departments of the Home Board's work. But it has passed the experimental stage, and is already rooted and grounded in the confidence of the people. More calls are made on the corps of Evangelists than they can possibly meet. Indeed, this department of the Home Mission task offers present possibilities which at all costs ought to be answered in terms of large sums of Baptist money. Last year the evangelists did not raise half enough money to pay their salaries, which shows that they do not just go to the strong churches; but their work resulted in 5,492 professions of conversion, 3,739 baptisms, and 5,381 additions altogether. One of the Home Board Evangelists, Rev. T. O. Reese, lives in Birmingham.

Cities.

America is destined to become a nation of cities. Already 40 per cent of the population of our country is in the cities. Eminent sociologists estimate that within a very few years the ratio will be 60 per cent or more. And this inflation of city life must necessarily largely be in the South. Here then, Baptists, who are stronger than all other anti-Catholic denominations in the South combined, have an opportunity that is surpassed by nothing, and equaled only by its consequent responsibility. Already the Home Board is taking steps to meet the problem of the city of the South, employing now wholly or in part about 50 workers among people of foreign speech, and 27 in the Cuban work. One of these 50 workers is in the Birmingham District.

It is safe to say that every cent to be raised for Home Missions for the next several years could be wisely and profitably spent in the evangelization and organization and enlistment of our cities.

Negroes.

The Home Board of Southern Baptists has no greater responsibility than the one it faces in the Negro Problem. There are nearly ten million Negroes in the South, with nearly two million of them holding membership in Baptist churches. This fact, coupled with the other fact that ours is the greatest white Christian body in the South, makes the Negro Problem second to none with Southern Baptists. Still, the best the Board could do last year in the solution of this stupendous impending problem was to expend \$12,000 in co-operation with the National Baptist Convention of the Negroes, employing, in co-operation with other agencies, 37 Negro missionaries, four of whom are laboring in Alabama.

Southern white Baptists cannot be true to their Lord's command in the *discipling, baptising and teaching* of all the nations, and not include the Negro! And herein we have a challenge that becomes more and more impelling with every passing day.

Foreigners.

There are now more than three million foreigners within the bounds of our Convention, and they are pouring in by the multiplied thousands every year. To relieve the ominous foreign congestion in the North, as well as to give the newly arrived alien a fair chance, the United States Government is doing every thing possible to divert the stream of immigration Southward, and the Government is succeeding to an alarming extent. The spirit of commercialism and greed, in making ready for these incoming hordes, has proven itself wiser than the spirit of the churches. With the result that these aliens are with us, and many of them with us to stay, and millions more them coming, but they are not of us. The Home Board report to the Southern Baptist Convention last May wisely says: "We ought to treat the problem of immigration as an opportunity, but if we do not use the opportunity to an extent commensurate with the needs, the problem becomes a menace." Which means that if we do not answer wisely now the question, "*What shall we do with the foreigner.*" then within the next few years the question shall be, "*What will the foreigner do with us.*" The Board is now aiding in the support of one missionary to the Swedes in Alabama.

Other Special Departments of the Home Board's Task.

1. The *Indians*, of whom there are yet more than 100,000 among us.
2. *Cuba*, the beautiful and sprightly "Queen of the Antilles," herself another name for Baptist opportunity. Superintendent M. N. McCall writes, "We have an open field for the Gospel. Opportunity is written large on everything Cuban. Our opportunity is 450 miles long, and comprises one and one-half million souls."

3. The *Canal Zone*, stretching across the Isthmus of Panama from Colon on the Atlantic to Panama City on the Pacific, ten miles wide, nearly fifty in length, and through the centre of which the Panama Canal is being built. All of which signifies that Baptist opportunity is writ large to-day on every phase of Southern Life. Still, as it is often true that the step between *friend* and *foe* is no longer than is the distance between the "*I will*" and "*I won't*" growing out of the price involved in the use of an opportunity, so neglected Baptist opportunity in the South to-day is sure to mean Baptist peril and Baptist defeat to-morrow.

"To each man's life there comes a time supreme;
 One day, one night, one morning, or one noon,
 One freighted hour, one moment opportune,
 One rift through which sublime fulfillments gleam,
 One space when fate goes tiding with the stream,
 One Once, in balance 'twixt Too Late, Too Soon,
 And ready for the passing instants boon
 To tip in favor the uncertain beam.
 Ah, happy he, who, knowing how to wait,
 Knows also how to watch and work and stand
 on Life's broad deck alert, and at the prow
 To seize the passing moment, big with fate,
 From Opportunity's extended hand,
 While the great clock of Destiny strikes NOW!"

And Southern Baptists have, most certainly, come upon just such a time.

We, therefore, recommend that this Convention concur in the recommendation of the Southern Baptist Convention in Oklahoma City that we undertake to raise \$412,000 for Home Mission purposes this year accepting Alabama's apportionment of \$28,500; that we co-operate with the Home Board in every way possible in its efforts to secure as early as practicable the million-dollar building and loan fund; that we pledge ourselves to our best effort in the enlistment of the 11,000 laggard churches within the bounds of Southern Baptist territory that are giving absolutely nothing to missions.

R. S. GAVIN, For Committee.

The Convention was addressed in this interest by Richard Hall, Vice-President of the Home Mission Board for Alabama, and B. D. Gray, Corresponding Secretary of the Home Mission Board of the Southern Baptist Convention, and the report was adopted.

47. On motion the Convention adjourned to 8:30 o'clock tomorrow.

Friday—Morning Session.

48. W. M. Blackwelder conducted a prayer service at 8:30 o'clock a. m., and the President called for Miscellaneous Business.

49. A. S. Smith offered the following:

RESOLUTIONS ON SABBATH OBSERVANCE.

Whereas, as Christian citizens we believe the proper protection and observance of the Sabbath necessary to our Christian civilization and moral well being, and,

Whereas, in various ways and for various reasons alleged, the Sabbath Day, as a civil and moral institution, is desecrated and disregarded; and,

Whereas, church and State, though separate and independent, are each pledged for the perpetuation and protection of the Sabbath and have co-operated in harmony in behalf of this institution, so vital to the welfare of both; therefore, be it resolved,

1. That we view with alarm and earnest disapproval every innovation, effort and practice that would tend to depreciate, desecrate and break down the time honored, hallowed and essential institution.

2. That we record our hearty disapproval of all practices in our State and Nation, such as Sunday base ball, and other amusements, the opening of gates to fairs, the running of freight trains and all unnecessary work that violate the purpose and spirit of the day.

3. That we give our unqualified endorsement to all legislation that looks to the better protection of the Sabbath.

4. That a committee be appointed from this body to act in co-operation with other civil and religious organizations that are engaged, or may engage in efforts to secure such legislation as will prevent persons and corporations from practices that tend to desecrate and disregard the Sabbath. That this committee be authorized to act in co-operation with others in such ways and measures as they may deem wisest and best to promote the interest for which they have been appointed.

The resolutions were spoken to by A. S. Smith, and adopted and the president appointed the following committee, provided for

in the resolutions, viz: A. S. Smith, W. C. Crumpton, J. T. Ashcraft and S. H. Barnett.

50. H. S. D. Mallory read the

REPORT ON CONSTITUTIONAL AMENDMENT.

(See Item 24.)

Your Committee to whom was referred that part of the report on Women's Work which recommends that the constitution of the Convention be so changed that it may provide for representation in this body of women delegates, begs leave to report that the constitution prior to our session of 1893, provided by Article I thereof, that delegates to the body must be members of Baptist Churches in good standing. The session of 1893 amended said Article I of the constitution by substituting for the word "members" the word "brethren"—thereby limiting the membership to the male members. Your committee are of the opinion that the limitation is unwise and should be removed.

We, therefore, propose as an amendment to our constitution the following amendment to Article I thereof, namely, that the final sentence or clause of said Article I in these words: "But in all cases must delegates to this body be brethren of Baptist Churches in good standing," be so amended as to read as follows: "But in all cases must delegates to this body be members of Baptist Churches in good standing."

It will be observed that the change recommended is to strike out the word "brethren" and insert in lieu thereof the word "members," thereby removing the limitation to the male membership as now existing.

Article 17 of the Constitution requires that all amendments to the Constitution shall be proposed at one session and acted on at the next.

We, therefore, recommend that this proper amendment be now received and ordered to lie over for action thereon at the next session of this Convention.

Respectfully submitted,

H. S. D. MALLORY, Chairman.
PRESTON BLAKE,
J. M. THOMAS,

The report was spoken to by Preston Blake and J. T. Ashcraft and adopted.

51. The attention of the Convention was called to the fact that the date selected for the next meeting, Nov. 5 1913. (see Item 38,) conflicted with that of the State Women's Missionary Union. On motion of H. B. Foster to reconsider the report on Time and Place of next meeting, the Convention was addressed in this interest by H. B. Foster, H. S. D. Mallory, F. W. Barnett, J. W. Willis, A. S. Smith and L. L. Gwaltney and the motion was adopted.

H. S. D. Mallory moved to amend the report by striking out "Wednesday after the 1st Sunday in November" and instructing the directors of the Convention to select a date in the fall of 1913 for the next session which was adopted, and the report was adopted.

52. Geo. W. Ellis read the following letter, viz:

Jasper, Ala., July 25, 1912.

To the Baptist State Convention:

Dear Brethren: I hereby tender my resignation as a member of the Board of Trustees of the Orphanage, and request that my successor be appointed at this Convention.

Respectfully,

On motion, after an explanation the request was granted.

Your Committee to whom was referred the report of the President of the Board of Trustees, of that school makes the following report:

Your Committee are convinced that no one agency in that part of the State has accomplished so much or can do so, as this school, in Southwest Alabama, therefore, your Committee, recommend that this school be continued and that vigorous efforts be made to increase the usefulness of this work at Healing Springs, and that the school be put in the hands of the State Board of Missions, and the Educational Commission, with instructions to make the best arrangements possible in their power to operate this school and that this may be done at once so that the school will not be crippled in its work the incoming year.

Respectfully submitted,

S. O. Y. RAY,
J. H. CREIGHTON,
J. W. DUNAWAY,

56. H. S. D. Mallory read the

REPORT ON LAYMEN'S MISSIONARY MOVEMENT.

Your Committee on the Laymen's Missionary Movement, beg leave to report that while some progress has been made in this State, yet it has not taken hold on the male membership to that extent confidently hoped for, at the time of its inauguration. The cause of this, we believe is not due to any inherent weakness in the objects or plans of the movement, but to the practical impossibility of organizing and pushing a movement, without the agency of some trained and competent person giving his whole time to it. This work has been entrusted to your Committee alone, and its members have been unable and will continue to be unable to give their time except in a very general way. More than this can not reasonably be expected or required of them, but this much will not suffice.

There is so much of promise in the movement, that it is worthy of the earnest support of our people. We believe that if a wise, trained, and efficient field secretary can be employed, the movement can be organized in all our churches. We deem it unnecessary to go into any extended discussion of this movement and its expected beneficent results, if it is well organized and maintained in our several churches, for you are well informed as to the plans and purposes. We believe that not only will it educate and arouse our laymen to systematic and intelligent missionary activity, but likewise to all christian activity.

No part of the membership of our churches can be more interested in the movement than our pastors, for its primary purpose is to develop the membership into strong, active and systematic workers for missions and necessarily thereby workers for all other enterprises of the churches, and always, recognizing and stimulating loyalty to the pastor, and his oversight.

We do not think it wise at this time to burden our State Board with the salary and travelling expenses of a field secretary, but if a sufficient amount for these can be raised by the laymen of the State for the first year, and paid over to the Board, we recommend that the Board be empowered to employ a suitable brother for that work.

Of course, this is experimental, and to be continued or discontinued as results may dictate.

We do not know that the amount required can be raised, but if this Convention think it wise, the Committee appointed by the Convention can undertake it.

We further recommend that you heartily endorse the proposed convention outlined by Brother Henderson.

Fraternally submitted,

H. S. D. MALLORY,
W. W. CAMPBELL,
C. S. RABB,
T. W. PALMER,
JOHN T. ASHCRAFT,
of the Committee.

The Convention was addressed in this interest by H. S. D. Mallory and W. B. Crumpton and the report was adopted and the following committee on Laymen's Movement was appointed, viz: H. S. D. Mallory, W. W. Campbell, N. D. Denson, C. S. Rabb, Paul F. Dix, J. T. Ashcraft, Tom Garner, J. P. Wood, G. G. Britton, T. W. Palmer and H. F. Lattimer.

The following resolution of thanks was heartily adopted. viz: Resolved, that we cheerfully acknowledge our indebtedness to the people of Jasper in general and the Baptist church in particular for their gracious hospitality, to the various newspapers of the State for notices of our work and accounts of our proceedings, and to all who in any way have contributed to the pleasure and efficiency of this session of our Convention.

63. I. J. Van Ness, Editorial Secretary of the Sunday School Board of the Southern Baptist Convention, addressed the Convention in the interest of the Board's work.

64. A. G. Moseley submitted the

REPORT OF COMMITTEE ON CO-OPERATION.

The first matter to which your committee gave its attention was that of arranging a schedule of meeting time for the associations. Due regard was had for the time of the year in which the various associations had been meeting and so where any changes were suggested in the interest of unity no association was asked to remove far away from its usual time of meeting. We found upon investigation of the 1911 schedule that eight of the associations would be in session on September sixth, seven on September 29th, six on October 4th, eight on October 11th, and nine on October 18th. Recognizing that it would be impossible to arrange these various meetings without some conflict we saw that with a little co-operation the meetings could be so arranged as to place the conflicts at a minimum and thus enable the secretaries and agents of the denomination to reach the larger number.

Not having received replies from all the associations we are not in position to know just how far the schedule met with favor. Quite a number did reply and in each case indicated that they would take it up with the association. A few reported that the suggestion had been adopted by the associations.

The next attention of the committee was given to Newton School. Upon learning of the burning of the buildings the committee was called together and a letter prepared and sent out to the pastors asking them to do what they could immediately for the rebuilding of the plant at Newton.

At the next call of the committee a letter was sent out urging the churches to do their best for State Missions. Attention was called to the debt of the Board and also to the vital place held by State Missions.

At the last call of the committee a letter prepared by Rev. L. L. Gwaltney of the Butler County Association was submitted and directed sent to all the associations. This letter of Mr. Gwaltney impressed the committee with its recitation of some practical plans in the Butler County Association that had borne good fruit. It revealed a plan of enlistment and enlightenment needed in all the associations.

At its last meeting your committee made its apportionment by associations for the incoming year. This apportionment is herewith appended and totals as follows:

State Missions.....	\$32,000
Home Missions.....	30,000
Foreign Missions.....	40,000
Orphans Home.....	17,000
Denominational Education.....	12,000
Ministerial Education.....	8,000
Bible and Colportage.....	5,000
Aged and Infirm Ministers.....	8,000

Your Committee commends our Schedule and Calendar System and expresses the conviction that the increase of contributions during the past year is due to its beneficial workings.

Respectfully submitted,

COMMITTEE.

(For apportionment table see page 62.)

SELMA, ALA., August 15, 1912.

Mr. M. M. Wood, Secretary of Alabama Baptist State Convention:—

Dear Sir and Brother—On yesterday, August 14th, I received from Mr G. G. Miles, Jr., as administrator of Brother G. G. Miles, deceased, who was the treasurer of the Curtis Bush Endowment Fund, the following securities:

Mortgage of Charles W. Thompson and wife to Alabama Baptist State Convention, securing three principal notes of \$1,000 each, due respectively January 6, 1913, 1914 and 1915, and one for \$6,000, due January 6, 1916, aggregating \$9,000, and the interest notes going with the same.

Also mortgage of C. N. T. Barnett and wife to Baptist State Board of Missions and principal note of \$900 secured by the same, due June 19, 1915, and the interest notes accompanying same.

These mortgages have been recorded in the counties in which the land lies, and abstracts of title accompanied the papers.

Said administrator also sent me his administrator's check for \$900, so you will see there is lent out the sum of \$9,900 and in hand \$900. This amount now in hand I hope to lend out before very long. At the time of the Convention no papers or funds had come to my hands, and hence no report could be made except that fact.

Very truly yours,

H. S. D. MALLORY, Treasurer.

Form of Bequests.

We are glad to observe increasing instances of our Baptist people including in their wills, legacies and devises to our denominational and religious enterprises and institutions. *They are laying up treasures for themselves in heaven.*

When convenient, it is suggested that the Will be drawn by some one having experience in such matters, though this is not a legal requirement.

The following are suggested as simple forms:

"I hereby give to the Alabama Baptist State Convention, the following property," (Here describe the property so it can be easily identified.) Or, "I hereby give to (here set out any of the other institutions or enterprises) the following property," etc., as above.

The following are some of the enterprises, institutions, boards, etc., owned and supported by the Baptists of Alabama:

- (a) State Board of Missions, Montgomery, Alabama.
- (b) Bible and Colportage and Tract Distribution, Montgomery, Alabama.
- (c) Aged and Infirm Minister's Board, Birmingham, Alabama.
- (d) Baptist Women's Missionary Union, Montgomery, Alabama.
- (e) Louise Short, Baptist Widow's and Orphan's Home, Evergreen, Alabama.
- (f) Ministerial Education Board, East Lake, Alabama.
- (g) Judson College, Marion, Alabama.
- (h) Howard College, East Lake, Alabama.
- (i) Southeast Alabama Collegiate Institute, Newton, Alabama.
- (k) Healing Springs Industrial Academy, Healing Springs, Alabama.
- (l) Alabama Central Female College, Tuscaloosa, Alabama.

The following schools in Alabama are maintained by the Home Mission Board of the Southern Baptist Convention, and are worthy of consideration :

Gaylesville Academy,-----	Gaylesville, Alabama.
Bridgeport Academy,-----	Bridgeport, Alabama.
Eldridge Academy,-----	Eldridge, Alabama.
Beeson Academy,-----	Pisgah, Alabama.

The enterprises belonging to the Southern Baptist Convention to which bequests might be made are:

- The Home Mission Board, Atlanta, Georgia.
- The Foreign Mission Board, Richmond, Virginia.
- The Southern Baptist Theological Seminary, Louisville, Ky.
- The Southern Baptist Sunday School Board, Nashville, Tenn.

In the bequest the testator may state the specific purpose for which the same is to be used, or may simply leave the property to the institution, board, etc., as the case may be, to be used as it sees fit in maintaining or supporting any of the objects or enterprises.

The will may direct the corpus or body of the gift to be kept in tact and only the net income used, or may not so restrict it.

In each instance describe accurately the property so that it can easily be identified, and the particular uses to which it is to be applied.

Our law requires *Wills to be signed in the presence of two subscribing witnesses, who can write their names.*

Constitution.

ARTICLE I.—This body shall be known as "The Alabama Baptist State Convention," and shall consist: (1) of three delegates from each Baptist District Association in Alabama co-operating with this Convention, if said Association shall have five hundred members, or under, and one additional delegate for every five hundred members, or fraction thereof, above that number, whose annual election or appointment shall be duly certified by the printed minutes or certificate of an officer of the Association represented by them; (2) of one delegate from each church co-operating with this Convention, if said church shall have fifty members, or under, and one additional delegate for every fifty members, or fraction thereof, above that number; (3) of persons who contribute funds or are representatives of churches contributing funds for the regular work of this convention, on the basis of one representative for each one hundred dollars actually paid into the treasury of the Boards of this Convention during the fiscal year preceding its assembly. But in all cases must delegates to this body be brethren* of Baptist churches in good standing.

ARTICLE II.—The officers of the Convention shall be a President, First and Second Vice-Presidents, a Recording Secretary and a Treasurer, together with a Board of Directors, as hereinafter named, who shall be elected at each meeting, and who shall hold their offices until their successors are elected.

ARTICLE III.—The President, or, in case of his absence, one of the Vice-Presidents, in their order, shall preside at all the deliberations of the Convention, and discharge the duties usually imposed upon an executive officer of deliberative bodies.

ARTICLE IV.—The Secretary shall make a fair record of the proceedings of the Convention, and soon after the rising of each regular meeting of the body shall attend to the printing and distributing of the minutes of the same, of which he shall preserve a file, which file shall constitute the authentic record of the Convention. He shall also conduct the correspondence of the body. For his service he may receive a reasonable compensation. The printing of the minutes of the Convention and the compensation of the Secretary shall be paid for by a *pro rata* taken from the funds sent for the various objects fostered by this body each year.

ARTICLE V.—The Treasurer shall take charge of the funds of the Convention, and hold the same subject to the order of this body, or of the Board of Directors during the recess of the Convention; and he shall make an annual report of all receipts and expenditures, which shall be audited and published with the minutes.

ARTICLE VI.—The President, Vice-President, Secretary and Treasurer, with nine other brethren, shall compose the Board of Directors, five of whom shall form a quorum authorized to transact any business of the Convention during the recess thereof, and shall report their proceedings at each annual meeting of the Convention.

ARTICLE VII.—The President shall have power to call a meeting of the Board of Directors whenever the exigency of the circumstances may, in his judgment, require the same.

ARTICLE VIII.—The design of this Convention shall be to elicit, combine and direct the energies of the Baptists of Alabama in one sacred effort to encourage and promote (1) the propagation of the gospel in this State, and, through the Southern Baptist Convention, in the destitute parts of the world; (2) the education of those it believes called of God to the ministry; (3) the education of the youth of our country; (4) the publication and dis-

tribution of the word of God and other literature; (5) the organization and usefulness of Sunday Schools and other religious and educational movements it may deem promotive of the interests of the Kingdom of Christ and sanctioned by the Word of God.

ARTICLE IX.—The Convention shall have the supreme control of any literary or theological institution which has been, or may hereafter be originated in this body; and it shall choose for such institution a board of twenty-four trustees, to serve for six years, of whom one-third shall go out of office biennially, and the said trustees shall on all occasions be subject to the control of the Convention, and make an annual report to this body on the state of such institution.

ARTICLE X.—The Convention may receive funds from all such as may be disposed to aid in any of the benevolent purposes mentioned in the Eighth Article and it shall faithfully apply funds contributed to the objects which may be designated by the donors, a portion, however, being taken *pro rata* from the same for the contingent expenses in the event of the insufficiency of the general fund for that purpose.

ARTICLE XI.—The Convention may employ agents, whose duty it shall be to make collections, obtain subscriptions from societies, solicit churches and associations to unite with the Convention and to further all objects of this body.

ARTICLE XII.—The Convention shall have power to send delegates to the Southern Baptist Convention, and to any other assembly with which, in its wisdom, it may wish to communicate.

ARTICLE XIII.—The Convention shall hold its meetings at such time and place as it shall, from time to time, appoint.

ARTICLE XIV.—The funds of the Convention shall consist of voluntary contributions or donations and not otherwise.

ARTICLE XV.—The Convention disclaims all right of exercising authority over any church or association, hereby acknowledging that every church is independent, and, within its own sphere, is accountable to no body of men on earth.

ARTICLE XVI.—This Convention may be altered or amended by the concurrence of three-fourths of the members present at any annual meeting, but not so as to infringe the Fifteenth Article.

ARTICLE XVII.—All amendments or alterations of this Convention shall be proposed at one session and acted upon at the next.

Kerfoot's "Parliamentary Law" and Mell's "Parliamentary Practice," so far as applicable, have been adopted for the government of the Convention, the former to govern in points where they conflict. (Item 19, Minutes 1900.)

*An amendment proposing to substitute "members" for "brethren" is pending.

I have this day examined the books and accounts of W. J. Elliott, Secy-Treas, and find the same correct and supported by proper vouchers.

W. B. CRUMPTON, Auditor.

Montgomery, Ala., July 17th, 1912.

The annual report of the President was read as follows:

The Tenth Annual Report of the A. B. M. B. Society.

Dear Brethren:

Our Secretary-Treasurer's books show a membership of three hundred and six, a net gain of only four. Surely we are not working to increase our membership! We ought easily to have five hundred in our beneficiary class and even more than that number of laymen on the honorary list.

We have lost two by death and twenty-seven by suspension. Only in rare instances is a suspension excusable—carelessness for the most part is the cause.

We have paid out to widows and orphans, \$2,206 and have a good balance on hand after paying all expenses. Surely no cheaper insurance can be found on the earth. What a boon to a bereaved and discouraged family is a few hundred dollars, put in their hands at the death of the head of the family! All the more appreciated by reason of its coming from affectionate friends.

We have been exceedingly fortunate in our Society, only fifteen deaths during the ten years of our history having occurred.

The Secretary-Treasurer should receive the earnest co-operation of every member. Let us all remember he serves us for almost no remuneration. Too much should not be expected of him.

When post offices are changed he should be promptly informed of that fact.

Respectfully submitted,

W. B. CRUMPTON.

IN ORDER to perfect this list it is absolutely necessary that copies of the Minutes of the Associations be sent to me. An earnest request is herewith made of the Clerks to print and send me a copy of their Minutes promptly.
